Music by the Ober Orchestra

HERE AND THERE

(Raymond Davis)

The watch on the Rhine must be a gold one: It sure costs like the Devil anyway.

Here's hoping that the 11th of November will prove to be the strongest week day in history.

Circumstances may alter cases, but it doesn't lower some of them a heck of a lot.

If there was some way of putting all this peace talk together it might make a whole word.

She used to say "Where you lead I'll follow," and now she says: "You go your way and I'll go mine."

A soft drink shall not go hard. If the U.S.A. only knew that fair exchange is no robbery.

If that human fly ever makes a slip he will wish that he was just a common fly.

A man in Cape Town was sent up for three months for taking a bible. Not much encouragement for a man to turn good either.

Spooking is often the cause of some stirring times.

These here grasshoppers are too damn prolific.

Birds of a feather drink together. The way of the pro gresser is hard.

BLACKIE NEWS

It was by a very narrow margin that the town of Blackie escaped a disastrous fire on Tuesday morning last. At six o'clock in the morning the villagers were awakened suddenly by the cries of Fire! Fire! and they rushed at once to render what help they could. From some unknown cause, a fire broke out at the rear of the Goulter Hardware store, and the smoke was seen issuing from the rear of that store by J. Bucher, who was up early and on his way to feed his horses, and he sounded the alarm. In a brief space of time citizens of the town appeared on the scene and rendered very able and timely aid, and with the help of the chemical engine the flames were extinguished within an hour without very much damage being done. The value of the chemical engine in this particular instance was such that the fire was held from getting beyond control and without question saved the whole of the business block on that street.

With the completion of drilling a water well on their leased property near Aldersyde on Saturday the Sam Drumheller Oil Company, commenced work on their oil well and those interested are very hopeful of results. They expect to be down about 500 feet within the next three weeks, when some of the main indications of the gas, and perhaps, something of the oil potentialities of the field will have been brought to light. Mr. Drumheller states that he will be able to prove the Aldersyde field before Christmas. They have a day and a night shift working full steam ahead and will prosecute the work until it is completed, regardless of the weather. To make it possible to continue the work through cold and snowy weather, they are building in their derrick with closed sides.

ONLY A YARN

There was an explosion in the lobby of a popular moving picture theatre recently. It came from a stout, red-faced citizen who had been kept standing in the herd back of the ropes for three-quarters of an hour waiting for a seat. "Lemme out o'here!" he shouted. "I want my money back! I'll be hanged if I want to stand here an hour waiting to see a picture that isn't any good." "How do you know it isn't any good?" asked the suave manager. "I just seen it, didn't I?" shouted the disgruntled one.

NOMINATED

Edward Garland Farmers' Candidate in Bow Valley

Vulcan is in the federal electoral division of Bow Valley, and the town and vicinity were well and largely represented at the convention in Calgary, on Thursday last, which selected E. J. Garland, of Rumsey, as the U.F.A. candidate for the constituency in the coming Dominion election. Vulcan also had the distinction of furnishing a candidate for the nomination in the person of Mr. Donald Sinclair, and Mr. O. L. McPherson, M.L.A., was also mentioned in this connection. The convention was very large and splendidly conducted, and from the point of view of those interested it could not have been better. The campaign is now on and will be vigorously continued until the day of voting.

Mr. Garland is the only candidate in the field in this riding up to the present, but it is a certainty that he will have the opposition of a Meighen candidate, and perhaps a straight Liberal, though it is generally thought that this is unlikely. Government supporters will convene at Bassano on Saturday, October 22.

The names of several men prominent in the riding have been mentioned as possible candidates, although none of them have indicated what stand they would take if offered the nomination. Among others are: Ed. Purcell, of Brooks; S. Lent McMullen, of Drumheller; H. O. Bredin, of Bassano; and L. E. Ormond, of Hanna. Mr. Purcell is mayor of Brooks, a member of the U.F.A. executive of the Newell local, vice-president of the William Pearce Irrigation project and an executive member of the Western Canada Irrigation association. Mr. McMullen is one of the best known coal operators in the Drumheller-Wayne field.

I. O. O. F. VISIT

Vulcan Degree Team Will Visit Carmangay Lodge

The degree team of the local lodge of the Independent Oddfellows will this week visit Carmangay and confer degrees at the meeting of the lodge in that town. There will be some sixteen or twenty in the party of visitors, and it is expected to be one of the pleasant and profitable events which these inter-town lodge visitations always are.

WHOOPEE

Bucking Stunt Pulled at the Park on Saturday

Just by way of diversion, we had a little bucking exhibition out at the track on Saturday afternoon, and a big bunch of the boys went out to see the fun. Melvin Paul, a rider with only one arm, and a horse with plenty of pep, were the performers. And the horse sure bucked, but Paul stuck, and made a ride that could not be excelled by any man with a full equipment of arms. They passed the hat, and the gang contributed twelve bones, and the show was over.

FIRE WEEK

Mayor Butchart Addresses School Pupils on Prevention Methods

Fire Prevention Week, created by law and promoted by the government for the purpose of bringing to the attention of everybody in an impressive manner the immense losses by fire and the immense advantage of the practice of care and prevention methods, received the attention of Mayor Butchart in a manner befitting the chief official of the municipality, and he gave splendid support to the general effort to bring to the notice of the public the importance of the subject. One of the methods devised in connection with the undertaking to create interest is to offer prizes to the school pupils of the higher grades for essays on the subject. Mr. Butchart supported this feature by addressing the pupils, and in the course of his address made the announcement of the addition of two prizes to the medal offered by the Fire Commission. These prizes will be given by the school or municipal authorities, and the interest manifested by the scholars indicates that there will be keen competition for the medal and the prizes.

CONVENTION

Social Service Council Will Convene on November 30

The annual convention of the Social Service Council of Alberta will be held in Edmonton on November 30 and December 1, 1921. It was decided at the October meeting of the sub-executive that the first day be devoted entirely to the discussion of the prohibition situation. Every affiliated organization is asked to send their full number of delegates and all local councils will be urged to send two delegates.

THE DANCE

Rebekah Lodge Sustains Reputation As Real Hosts

The occasional dance, which has become well and widely known as the Rebekah dance, because of its exceptional excellence, was held on Friday night. It was the greatest success of the several successes under these auspices. The floor, always good, was at its best; the music was exceptionally good; and goodness me, almost everybody was there; and the supper was right up to the standard which has made the Rebekahs famous. It was a success in every way, and financially great. The committee appreciate the assistance rendered and the patronage they received.

CHURCH NEWS

Pastor Preaches Splendid Sermon on Sunday Last

Both services in the Union church were well attended last Sunday. The adult choir owing to a number of members leaving town has been depleted, but it is hoped that their places will be taken in the very near future.

In the evening, the minister, Rev. A. J. Hayes continued the subject "Foreign Missions." The world is getting smaller, said the minister. Communication is more rapid, travel is more frequent and lands which were at one time thought of as being at the other end of the earth are now very much closer at hand. Today as we take up our work in China, we are dealing with a gigantic problem. Here is a nation awakening from sleep. There are four hundred million Chinese. They are one people. Unlike ourselves they have no immigration problem or racial factions to deal with. Moreover they have a strong religion already extant. For centuries millions have bowed the knee to Confucius. We are going to them with a religion that is infinitely beyond anything that Confucius ever taught. Medical men, teachers, missionaries, nurses are pledging their lives that Christ has a Gospel for those people. Christianity is the only thing that will break down racial hatred. It is the only religion that teaches the brotherhood of man and the Fatherhood of God. Contrast this with Emperor worship and the worship of Ancestors. Confucius knew little of brotherly love, of a man giving up his life for his friends. Sacrifice was a thing unknown. God was left out. The best that could be given was about on the level with the code developed by the Pharisees. The whole thing lacked life. It is this what the Gospel attempts to give every man, no matter what his color is.

CHAUTAUQUA

Three Days of Entertainment Last Week

Chautauqua attractions were presented last week in Vulcan. The Advocate does not qualify as a critic, but the general opinion overheard varies as to quality of the talents. The patronage was not as generous as on former occasions, and the guarantors were required to meet a considerable deficit. There was no contract made for next event. And with all, the ticket purchasers, we think, got value for their money, for the series tickets really do not cost much, and at least some of the performers were good.

ANNIVERSARY

Prohibition Thanksgiving Day on Sunday, October 23

Sunday, October 23, has been chosen by the Social Service Council of Alberta as a Thanksgiving day throughout the province for the prohibition victory at the polls on October 25, 1920. Every clergyman has been asked to set aside part of either the morning or evening service for a temperance message and thank offering.

MARRIED

Vulcan Residents Principals in Social Event

From the Nanton News we get the report of the marriage of Mr. William S. Bundy to Mrs. Margaret Adams, both of Vulcan. The ceremony was performed at the Methodist parsonage in Nanton, on Wednesday, October 12, and Mr. Bert Innes of Vulcan and Mrs. Little were witness in the happy event. The bride and groom are well and favorably known locally, and their many Vulcan friends will wish them well.

Mr. Bob Smith was a week-end visitor to Calgary.

Mr. and Mrs. Chauncey Layman spent a few days in Calgary last on business.

The town council will meet on Thursday evening at 7.30 p.m.

LOCAL ITEMS

Mrs. Harry Nelson of High River, spent last week in town.

Mr. George Buck was a business visitor to Calgary on Tuesday.

Roy Ferguson was a business visitor to Lethbridge on Monday.

Mr. S. and Mr. D. H. Galbraith were Calgary visitors for a few days last week.

Mr. Roy Walker motored to Calgary on Monday, returning Tuesday afternoon.

Furnished house-keeping warm rooms, Main Street, Vulcan—Rochon Rooms.

Mr. Fisher, a relieving operator for the C.P.R., is at present employed at Vulcan.

Mrs. (Dr.) Carson and two sons, spent the week-end in Calgary visiting with friends.

Miss Wylie returned on Monday morning from Banff, where she visited over the week-end.

Messrs. Hemingway, Jack and Jim Marshall and A. E. Gilmore, were Calgary visitors last week.

Mr. Sam Nafziger spent a few days in Olds last week, purchasing hay for his stock.

Mr. F. C. Keiver spent the week-end in Staveland visiting with old friends.

Mr. O. L. McPherson, M.L.A., returned on Monday from Calgary, where he spent the week-end.

Miss Thelma Ferngren, who is attending school in Calgary, spent the week-end with her parents here.

Warm room, 8x12, full size Brass bed, suitable for two people. Reduced rates for winter months.—Rochon Rooms.

Miss Dorothy McQueen spent the week-end in town visiting her parents. Miss Dorothy is attending school at present in Calgary.

Mr. Russel Lawrence, who has been on the sick list with typhoid fever for the past four weeks, is now well on his way to recovery.

Mr. Stanley Daines, who is now located at Wayne, is at present spending his vacation with his parents, Mr. and Mrs. H. Daines.

Mr. Phelps, provincial Sanitary Engineer from the Department of Health, Edmonton, paid an official visit to town on Friday last.

The people who are looking blue these days, are those who did not attend the Rebekah Dance, held in the I.O.O.F. hall on Friday evening last.

A bridge party of twelve ladies met at the home of Mrs. J. Naismith on Saturday evening last. A most enjoyable evening was spent by the ladies.

Food sale, and ten cent tea, under the auspices of the "Busy Bee Class" of the Vulcan church, will be held at H. W. Reeve's store, on Saturday, October 22. Everybody welcome.

A chicken supper will be given in the new Catholic church on Saturday, October 29. Supper will be served from 5 to 8 o'clock. Ladies of the church will be in charge. Everybody welcome.

Spoooner's sale is certainly a wonder. Everything is selling good, but the special in socks on Saturday walked away with the prize and there are few feet in town that are not now properly clothed.

Miss Yeo, who was until recently, on the post-office staff here and who left for Camrose, is now on the Kamloops post-office staff. In a recent letter she reports that the wind blows there almost as hard as it does here.

Shimp & Rebbe are holding another combination auction sale at Rebbe's Auction Mart, on Saturday, November 6. If you have anything that you want to sell, no matter how large or how small it is, it will pay you to phone 137, Vulcan.

The Municipal District Council of Royal, met on Saturday, October 15 and the following business was transacted: A bylaw was passed, asking the government to guarantee the notes of the district for relief purposes. The secretary was authorized to pay the taxes on lots in the village of Vulcan, which were bid in the Tax Sale for 1920. A number of bills and accounts were approved and ordered to be paid. The next meeting will be on October 29.

Mr. D. H. Elton of Lethbridge, has accepted the invitation of the Community Club, to come to Vulcan on Thanksgiving day, November 7, and address the school children and citizens. The mass meeting will likely be held in the Community theater, and everyone will be invited to attend. There will be a parade of the children headed by the band, following which a program and speech by Mr. Elton in the theater. All those who had the privilege of hearing Mr. Elton at the Community club luncheon will be pleased to know the club has been successful in obtaining his services on the above date. Further particulars will appear later. It will be remembered that Thanksgiving Day and Armistice Day have been combined to take place on November 7 by an order in council.

PUBLIC NOTICE

New Dairy Business

This is to announce the establishment of a New Dairy Business at Vulcan, by Ivor Williams, a practical and experienced Dairyman. The supply of Milk and Cream will be from tubercular tested stock and will be handled and delivered under Provincial regulations. Service will commence on or about October 23rd next. Service and quality will always be the first duty. Your esteemed patronage and support is solicited. Persons requiring Milk and Cream are requested to Phone 7.

The Vulcan Advocate

An Independent Weekly Newspaper issued every Wednesday afternoon at the office of publication, Vulcan-Alberta. Subscription price per year, in Canada, \$2.00; United States and other countries, \$2.50. Advertising rates will be furnished on request.

THE VULCAN ADVOCATE

VULCAN, ALBERTA

PERTINENT

The Blairmore Enterprise asks why, in the courts in this land, there should be distinctions made in the administration of the law, and the question is raised as the result of cases tried in Blairmore, and of which it is only reasonable to presume The Enterprise has full information. It cites the cases and details the circumstances in justification of the question, and of the disposition of same says, "a judge handing down such a ruling is an undesirable and unfit to hold any responsible position."

To criticize the court and officers of the law is somewhat of a difficult proposition, and because of this perhaps there has not been the attention paid to the matter as the importance of the same required, and The Enterprise is being commended for the courage it has displayed, and the effect has been to create a discussion of the subject where the same or similar circumstances are believed to exist.

The Enterprise further says that such a case as prompted the question "is not at all uncommon in Alberta today, particularly under the Alberta Legislature."

The Lethbridge Herald, in commenting upon the statements of The Enterprise, correctly says: "This statement in the interests of British justice, cannot be allowed to pass unchallenged, and, if the facts are as they are, the Blairmore paper has rendered a public service in drawing attention to what is nothing short of an inquiry."

It has developed that five auto bandits, recently captured near Winnipeg, before starting on their bank robbery and holdup enterprises, had entered into a solemn compact not to commit murder. Now, that's something like it; if we are to have robbers, let us have robbers with at least a little consideration. Things are getting better.

Large headlines in the Eastern papers announce the finding of a whiskey still in the woods of Algoma. The West has that beaten a mile, for not so very long ago just such an equipment was discovered in a church in Calgary. The West leads in everything.

Fraud had been charged and proved in connection with Indian scrip in the Second case in Edmonton. The Dominion parliament, at the last session passed an amendment to the law covering the case which set aside the crime of fraud. This proceeding is not well understood by the average citizen, except in so far as it appears to have been a move to get some guilty person out of a hole. The executive of the U.F.A. has passed a resolution deploring the action of parliament and asking the repeal of the amendment, and in this they will have the general support of the people. Let us have no "fixing" of the law for the escape of any class or persons of the country.

There are perhaps no ridings in all of Canada that can produce, or even approach, Calgary in the matter of oratorical talent in their candidates in the federal elections. Can you imagine a stronger line-up in this respect than Hon. K. B. Bennett, Hon. Duncan Marshall, A. L. Smith, William Irvine, and J. T. Shaw? For the next few weeks Calgary will have a real battle of brains and tongues.

New Brunswick, by a vote of two to one, has gone dry, declaring against the importation of liquor into that province, and they have now a law similar to that which exists in all provinces in the Dominion, except Quebec and British Columbia, which have the distinction of being the only wet spots by law in Canada, but we have a suspicion that even in the rest of Canada there is no real suffering on account of the prohibition drought.

The Canadian association of Child Protection is the name of a new and permanent organization which was lately created at Winnipeg. The object of the association, which is indeed very laudable, is suggested by the name. Those who compose its members are for the most part officers who have to do with a like work in the several provinces of the Dominion. Many resolutions were adopted, and among these one that urged uniform social and child protection legislation in the various provinces. Uniformity has its advantages in almost every line of work, and those with the experience and practice in the humane enterprise of caring for those who are unable to care for themselves, should receive the support of like organizations, governments, municipal authorities, and the people, in their effort to secure the legislation suggested by the resolution.

These are indeed the days of changes. The Church of England authorities advise a revision of the marriage service, and a British judge suggests that the time is at hand when the breach of promise law should undergo revision, holding that the present act works to the disadvantage of men. Now that women are demanding an equality with men in so many things, it is just possible that they will be placed on a fifty-fifty basis with men in the breach of promise matter.

Press despatches tell of two men in Ireland who were found padlocked to the railings in a church. The terrible of such punishment can well be imagined by not a few men in this country.

The decision of the U.F.A. Government of Alberta not to officially have any part in the coming federal election campaign is good business, and is bringing the premier and his colleagues commendation from almost every quarter. Federal and provincial politics really do not mix well, anyway.

The sexton of a church in New Hampshire committed suicide by hanging from the bell rope. Curfew did not ring that night.

All is not smooth going even among the voluntary Bolsheviks in this country. The Mail and Empire reports the necessity of calling police reserves to save a number of these fellows from themselves, a meeting of their local society having developed into a riot, the principals who won distinction being E. Federoff, J. Madowsky, and T. Romausky. Joe Knightsky is not mentioned as being present.

NEWSPAPER COMMENT

Owen Sound Sun—An editorial in a recent issue of "Life" points out that the new dreadnought Maryland, which the builders have recently turned over to the United States, cost forty-two million dollars. "That amount of money would endow a pretty good university, or eight or ten hospitals, or feed a lot of starving people in Europe; and of course, these expensive dreadnoughts are of no use whatever except to diminish the chance of some nation, more ferocious than we are, putting something over on us not to our advantage." And other warships are coming, all extremely expensive, "and the fact that we have them helps to keep other nations moving in the same direction at cost of expenditures which none of them can afford, even as well as we can, and that is not saying much, for forty-two million disbursements are not welcome even here." "Life" believes that if the Maryland could be got to Washington where the delegates to the conference on disarmament could see her she might do some good, as an example of human folly—"otherwise she is nothing to be proud of." But it is to be feared it will require a lot of the demonstration of human folly to cure human nature of it.

Daily Tribune: There are some evidences that the shameful Arbuckle social affair is to have for a sequel an even more shameful professional affair. It is beginning to look like rival movie interests are getting in to confuse the issues for personal advantage, while some unprincipled lawyers who want Arbuckle's and other people's money, are playing that end of the case. In the mix-up Arbuckle is apt to go free.

Orange Sentinel: In Germany mechanics get from 300 to 400 marks a week for sixty hours work. That is equivalent to \$460 a week in Canadian money for a ten-hour day. What chance has Canada to compete with German manufacturers in the world's market?

Walkerton Herald: That this is the day of the U.F.O., was demonstrated at the Division Court here on Monday last, when Mr. P. B. McRitchie, a prominent Brant farmer of the Maple Hill settlement, came into court as his own lawyer, with an oat bag containing his briefs, instead of the regulation black sateen sack which the pleaders at the bar usually sport. And the way the granger defended himself in a suit brought by his erstwhile hired man, William Turner, for a claim of \$66 for back wages, and which the agriculturist, who has an enviable reputation for honesty, had considered as settled in full, was such an able performance, that Judge Greig, after hearing the recital from both sides, with Lawyer Klein stoutly championing the cause of the plain tiff, gave judgment against the plowman for but \$21.85, without costs. The way this son of the soil performed amid the awe-inspiring precincts of the court was enough, as one spectator said, to cause the Farmers' Government to raise their hats instead of their salaries, without delay.

Mail and Empire: The centralization of the issuance of marriage licenses, with publication of names, will be of very great service to the public. No longer can foolish youngsters get a license in some back shop, go off to some obscure pastor, and be married without question. Publicity of names is going to prevent many mistaken matrimonial ventures.

The Guardian: The Disarmament Conference will convene in Washington on November 11, and it has been suggested that it would be wise plan to make Sunday, November 6, a day of special prayer and pleading for world-wide peace. There was a feeling before the war that this continent was so self-contained and so isolated from European problems, that any European conflagration would not involve it. But this was a mistake, and now we find that of the United States federal expenditures for 1921, 62.9 per cent is due to the World War, 18.3 per cent is needed to carry the present war establishment, and 7 per cent is needed to pay the bill for past wars. This means that no less than 77.5 cents of every dollar of federal expenditure must be charged up against war and its preparations. And this does not take into account the fact that the United States has advanced a good many billions of dollars to Europe, the repayment of which is by no means certain. And now for every part of the United States we are told that the president is being urged to see that disarmament becomes a reality. The conference, however, is not primarily called to discuss disarmament but simply limitation of armaments, and it is doubtful if it will get beyond this. There are still "wars and rumors of wars," and the international horizon is yet all too threatening to encourage the nations wholly to discontinue their warlike preparations. And yet there is reason to hope that the conference will succeed in taking a long step towards genuine disarmaments.

Owen Sound Times: The utter fatuity of Russian Soviet rule is shown by the recent prohibitions, among them these from the Education Commission: "Children's tales must be devoid of all elements of superstition, and must contain no mention of angels, fairies, evil genie, etc. All mythological or religious subjects, God and the devil, must be carefully avoided."

Ottawa Citizen: Parlor golf is a good game for girls. A neat costume for this popular sport consists of short skirt or bloomers, and towel tied around head completely covering the hair. Parlor golf is played with a full bag of clubs, including mop and duster. The mop is used on the rough and the duster on the greens. Some players use a step ladder for some of the high bunker shots but for a beginner it is better perhaps, to play the simpler game first. Mother will be delighted to caddy for you in this entrancing sport, and can be called on for advance in difficult places. In playing the duster do not raise the club higher than the shoulder and follow through with a long slow wipe.

We would like nothing better than the privilege of applying the boots to the swaggering bully who blasphemes and insults innocent men who happen to go on a leased farm to shoot partridges and where no signs are posted. Such miserable individuals should know that a mere request to vacate the premises and not the use of a whip and a foul tongue are necessary to have gentlemen desert from shooting on any man's farm.

Opera House

Wanted—A Husband

BILLIE BURKE and JAMES L. CRANE
in a scene from "WANTED—A HUSBAND"
A PARAMOUNT-ARTCRAFT PICTURE.

She'd invented an engagement and set her wedding date. All she needed was a man. Then, travelling with friends on a train one day, she flung her arms 'round the neck of a perfect stranger—kissed him—and called him hers. After that, you'll keep laughing for an hour.

First Show at 7 p. m.

REID HILL NEWS

The friends of Mr. and Mrs. Duncan McPherson gathered at the Baptist church on Friday last at a farewell dinner given in honor of Mr. and Mrs. McPherson. At seven the guests sat down to a bounteous supper and, after doing full justice to the many good things prepared to the auditorium where an entertaining programme was given. Several selections were well rendered by the quartet and Mrs. L. Laws delighted the audience with a dramatic reading. After the programme Mr. Warden presented Mr. McPherson with a purse on behalf of the congregation. We wish Mr. and Mrs. McPherson all luck in their new home in Iowa.

Mrs. Taylor of Calgary is the guest of Mr. and Mrs. McRoberts.

Sunny Glenn school opened on Oct. 1 with Mrs. Hayes in charge.

Mr. and Mrs. Willis Piddick have returned to their farm at Reid Hill.

Mr. C. H. Smith was a business visitor to High River on Tuesday.

The Reid Hill W.I. met on Wednesday, Oct. 5 at the home of Mrs. A. McKague. Sixteen members were present. It was decided to hold a gift bazaar on Dec. 8. The church board have kindly given permission to use the basement of the church for that evening. A good programme is under way and a supper will be served free. After the business meeting a paper discussing the political platform was read. Judging from the attention the ladies gave and the animated discussion which followed the members of the W.I. are much interested in the coming election and fully realize their responsibility as voters. After the meeting adjourned a dainty lunch was served by the hostess.

Some time ago the W.I. members heard to their dismay that the bath house built by them this spring was floating about in Lake McGregor. However, it has turned out to be the bath house built by the U.F.A. near the north dam. Our bath house, we are pleased to hear, is still on terra firma.

RED CROSS NEWS

Mr. Alfred Clayton and Mr. Ed. Kehr are getting new windmills. One benefit derived from Alberta weather—it's great on the windmill!

The W. I. meets October 19 at the home of Mrs. C. H. Kelly. Mrs. Ed. Lane will entertain. Mrs. Kelly has kindly loaned her commodious home. Everybody bring your work it's to be a sewing bee—also your song book. If we cannot sing we will "make a joyful noise."

Rev. J. D. McCrae visited the Red Cross district in company with Rev. A. E. Hayes, last Thursday evening, and addressed a meeting in the interest of the work on foreign missions. Mr. McCrae has been in China for seven years and has a first-hand knowledge of affairs in his part of that country. China he tells us is opening its door to the missionary. Schools are being established, hospitals erected and a new spirit is coming over that country. "We must go to them with the Gospel," said Mr. McCrae before they break through and swarm over to us."

A High River citizen was fined \$10 and costs for having prairie chicken, hung up and exposed to public view.

HEARNLEIGH NEWS

The meeting of the Berrywater U.F.W.A., postponed from Wednesday, Sept. 28, was held on Monday, Oct. 3, at the home of Mrs. Stein. A goodly number were present and considerable business was transacted; Mrs. Mills was appointed delegate to the political convention to be held in Calgary, Thursday, October 13. The members decided to hold their annual fowl supper, concert and dance in Berrywater school, on November 11. Particulars will be given at a later date.

Mrs. L. Douglas gave a very interesting and instructive paper on pickling in which there were many helpful hints. The next meeting will be held at Mrs. O'Neill's on October 12. Mrs. J. Douglas will give a paper on cheese-making. The ladies hope to have all members present.

The school fair held at Milo Hall on September 30, was a great success. Competition grows keener every year and the children are doing splendid work.

Mr. and Mrs. John Douglas celebrated their golden wedding on Tuesday last. The community all join in wishing them many more happy years.

We are sorry to report that Mr. Blair is not regaining his strength. At time of writing he is in a critical condition.

Mr. Miles Anderson, who has been leader of the orchestra in the Empire Theater in Saskatoon for the past two years, has been transferred to Vancouver where he will play a prominent part in one of the theater orchestras. Previous to the opening of this particular theater, he is visiting in California.

At a joint meeting of members of the U.F.A. and citizens of High River held at the co-operative store on Monday evening to discuss the unemployment problem, Mr. Wilson of the Wilson Lumber company gave very interesting data in connection with the timber limits with which he is connected. Recently government cruisers were sent up to determine whether there were sufficient poles to supply the needs of the telephone department. The report made was encouraging. It was found by them that a cutting of two million poles such as is required by the government would act as a pruning and thinning out process, which would be very beneficial to balance of timber grown on limits and would have no detrimental effect whatever on reforestation which is one of the most vital points in connection with our timber resources.

:- Fresh Meat :-

Home Grown and Home Killed

Co-operate with us and have Cheap Meat for the winter fresh killed, and pay for it with your own beef.

See our plan, it's dandy!
